

Teresa Murray

Labour candidate for Rochester & Strood

"The Conservatives have taken Rochester & Strood for granted. I've been out and about listening to people and hearing about their hopes and concerns for the future. It's clear that it's time for real change – for the many, not the few "

FIGHTING FOR LOCAL JOBS

Teresa is fighting to stop another loss of jobs and skills under a Conservative Government. 800 high skilled and well paid jobs in manufacturing and engineering are at risk of being lost at the Docks. If the Conservative led Council fail to designate the land for employment in the new Local Plan, the knock on effects of closure will impact us all. Teresa is determined to protect these jobs; once our tradition of skills are lost they are hard to get back.

I am proud to be your Labour candidate in Rochester and Strood. I understand what's important to you and know that you want Labour to rebuild our public services. We will give schools, police and our NHS the money they need to keep you safe, healthy and ready to make the best of the opportunities Labour will bring to our area. We can end the uncertainty of Tory in-fighting over Brexit by offering you the chance to vote on a deal that maintains peace and friendship with our European neighbours and sets out how we will make our way in the world.

PROTECTING OUR NHS

After years of Conservative neglect GP numbers in Rochester and Strood have fallen, waiting lists are at a record high and patients are waiting too long for urgent cancer treatment. Labour will deliver the real change to the NHS by recruiting more nurses and doctors and incentivising them to stay and work here. Parking charges at Medway hospital will be abolished and free prescriptions will ensure you and your family get the medicines they need.

BREXIT

The Conservatives have failed on Brexit for three years. The Lib Dems are using it to divide the public. Boris Johnson wants to use a sell out deal or no deal to weaken our rights and protections, and sell our NHS to Donald Trump. Labour will move quickly to give people the final say on Brexit and make sure you know what you are voting for when the time comes with a choice between a sensible Leave deal or Remain. We refuse to use Brexit to divide our country any further.

WHY WE'RE SUPPORTING TERESA

"When we needed someone to stand up and fight for our pensions, Teresa supported us. She will be the strong voice that we need. The Tories are only holding Rochester & Strood back."

FLICK, ROCHESTER & STROOD

"Teresa has spent years as a local Councillor fighting for her residents and supporting them through thick and thin. She has the qualities and values that we need in our MP. I know she will work hard because I know her track record."
